

Finding the Right Place Just Got Easier

WEBSITE | OUR APPROACH | ASSISTED LIVING | INDEPENDENT LIVING

Greetings!

Summer is finally here!!!! Next Wednesday, June 21st marks the change of seasons. With the most daylight hours of any day, it is often recognized as the longest day, but for Susan and I - and others - it has taken an additional meaning.

"The Longest Day" is all about love. Love for all those affected by Alzheimer's disease. On the summer solstice, team up with the Alzheimer's Association and select any activity you love - or an activity loved by those affected - to help end Alzheimer's. Together, we will raise funds and awareness for care and support while advancing research toward the first survivor of Alzheimer's."

Join [Oasis Senior Advisors](#) in participating in the The Longest Day. Share photos of your organization's efforts and participation in the event on [our Facebook page](#). Click the FB link below.

Another way to participate is to join The Alzheimer's Walk team that Susan and I created last year, "[Joan's Backhand](#)" - and yes, at 87 she is still playing! We've expanded our efforts this year and joined our local Walk Committee. Let us know if you would like to help out on the walk or start your own team. Our walk is October 8th in Norwalk, CT, but you can be part of [our team](#) from wherever you are!

THANKS FOR YOUR SUPPORT!!!
