Greetings!

Various events and activities are held across the United States in recognition of National Senior Citizens Day on August 21st. This day was created as a day to support, honor and show appreciation to our seniors and recognize their achievements. They create better places for us to live in with their valuable contributions to the communities.

How to Observe

Spend time with the senior citizens in your life on this day. Let them know that they are truly appreciated and loved. Volunteer at a retirement home and share your smile with those who may not get a visitor on the day. If you are a senior citizen, check for special discounts and promotions that may be offered at stores and restaurants in your area. You deserve it!

History Behind the Day

On August 19, 1988, President Ronald Reagan signed Proclamation 5847 declaring August 21st as National Senior Citizens Day.

For all they have achieved throughout life and for all they continue to accomplish, we owe older citizens our thanks and a heartfelt salute. We can best demonstrate our gratitude and esteem by making sure that our communities are good places in which to mature and grow older - places in which older people can participate to the fullest and can find the encouragement, acceptance, assistance, and services they need to continue to lead lives of independence and dignity.
