

We make senior housing **SIMPLE.**

## National Case Management Week

Case  
Management  
EXCEPTIONAL PEOPLE.  
EXCEPTIONAL CARE.

Greetings!

The week of **October 8 - 14** is **National Case Management Week!** This year's theme is **Case Management: Exceptional People, Exceptional Care.** Susan and I would like to recognize the dedication, compassion, and patient care outcomes achieved by case managers everywhere! Also, October 11 is American Case Management Recognition Day recognizing the efforts of those that become Accredited Case Managers.

The Case Management Department is one of the more critical and complex departments in hospitals. Much of the reimbursement documentation, length of stay, collaborative efforts among caregivers, and other important functions related to inpatient processes lie in the domain of this important department.

Each case manager, works closely with the in-patient nurses, clinical dietitians, social worker, pharmacist, respiratory therapist, and other members of the clinical care team, from the time the patient is admitted, coordinates the care necessary to ensure a safe, high quality journey through the length of stay of each patient, and then follows up with that patient thereafter. We appreciate everything that the case managers do! So, join us in the celebration!

Haven't heard of the ACMA Sweepstakes yet?

ACMA is celebrating National Case Management Week by helping the Houston economy and giving back to case management professionals.

You can enter the sweepstakes for a chance to win a trip to the ACMA 2018 National Conference until Friday, October 13, at 12:00pm CST. Five winners will receive complimentary travel, hotel and main conference registration. Click the image above to enter.
